Hello Sir or Madam,

I am writing to recommend the services of Mr. Chris Green of Visual Concepts. Mr. Green did phenomenal work at my personal training studio which put an end to our music and sound frustrations. Music is such an important extrinsic motivator in business and in life, so we wanted the best for our clients that pay for premium fitness services.

He came in and consulted with us to figure out the most effective scenario. He could have recommended all new equipment, and we would have done it; however, he was super resourceful by using everything we already had where he could.

The actions that most impress us about Mr. Green are his timeliness, prompt responses, great communication, excellent customer service, his positive energy, and fun-loving attitude.

You are welcome to reach out to Visual Concepts if you have any other questions, and if you would like to hear the sound in our business, we are happy to find a time to do that.

Sincerely,

Fitness Together Ballantyne
